

Pastured Poultry Order Form

**Great Tasting - Fresh & Local - Antibiotic Free - Hormone Free -
Humanely Raised**

What is Pastured Chicken?

“Pastured Chicken” is a grassroots movement focused on raising small quantities of birds in a humane, pasture-based setting with fresh air, clean water, and protection from predators, cold, rain, and wind. They are moved to fresh grass daily and are free from factory raised stress and disease. They are fed custom rations mixed by a local feed mill, of all natural ingredients (meaning: the feed contains no animal by-products, antibiotics, or hormones).

Why Pastured Chicken?

Our chicken tastes much better than factory raised. They are allowed to express natural behaviors, such as scratching and hunting for bugs, while freely accessing fresh air and green pasture, allowing them to get as much as 30% of their nutritional needs from insects, seeds, grass and other greens. This results in as much as 100% more omega-3 fatty acids, 50% more vitamin A, and significant more vitamin E, folic acid and carotenoids than birds without access to fresh greens. Pasture raised chicken also has up to 21% less total fat, 30% less saturated fat, and 28% fewer calories than confinement raised chicken. (USDA Sustainable Agriculture and Research Education Program)

How do I get my Chicken?

1. Place your order well in advance of the pick-up date to ensure that we will have raised enough chickens for you.
2. On the designated pick-up day, arrive at the farm from 3-7p.m. Bring a cooler with ice for the ride home. If you want the onsite processing done on your chickens, they will be shrink wrapped to maximize their freezer life.
3. If you would prefer to process your own birds, you may pick them up any time after 9:00 am. Also 50 cents per pound if for your processing cost which will be deducted if you process your own.

We are proud of how we grow your chickens and welcome you to see them in action. Feel free to contact us to set up a time and we would be proud to show you our farm.

2012 Order Form

Name:
Address:
City/Zip:
Phone:
Email:

Pick up date >>>	June 2 nd /3 rd		November 10 th /11 th
Broiler Size (3-5 lbs dressed)			
Roaster Size (4-8 lbs dressed)			
Turkey (hens 12-20 lbs)			
Turkey (toms 15-30lbs)			
For your convenience would you like to have you birds processed?	YES		NO
<p>The price was \$3.00 per pound. We are forced to raise the price to \$3.50 per pound because of the drought and the related price increase for feed. Please call or email for all of the details.</p>			

We only have three processing days, so please send your order form as early as possible to ensure that we may fill your request. Birds are available for on-farm pick-up only. The pick up time is from 3-7 p.m. Bring a cooler with ice to transport them home!

Conveniently Located

Located ½ mile south of downtown Gobles and four miles north of the M-40 and M-43 intersection.
